

FRESHA

Fresha is a premium quality clothes cleaner with fabric brighteners, softeners and low foam surfactants with long-lasting fragrance. It is suitable for all top loading and front load washing machines and may be safely used for all laundry applications from delicate fabrics to heavy overalls.

Fresha rinses off easily and completely and is low in phosphates and is safe for grey water use

DIRECTIONS FOR USE

Use 1 scoop per average sized load with average soiling. (5kg Machine)
Increase or decrease dosage rate dependant on soiling level and machine size.

Use lower levels of Fresha for towels, nappies, blankets etc.
For best results use in conjunction with Pamper fabric conditioner.
On heavily soiled clothes, greasy overalls, and work gear add small amounts of Fresha Plus to boost the cleaning performance.

SAFETY NOTES

Fresha can cause skin irritation and eye irritation. Avoid contact with the eyes and ensure proper handling procedures are followed when using product. For further information refer to the Safety Data Sheet.
