

HAND SCRUB

PUMICE WATERLESS HAND CLEANER

DESCRIPTION

HAND SCRUB is a USDA authorised pumice waterless hand cleaner. Use with or without water. Pumice gives gentle yet deep down scrubbing action. Removes stubborn grease, grime, oil, tar and other stains. Concentrated, heavy duty formula cleans deep down leaving hands clean without drying out. Leaves hands smelling fresh and clean.

APPLICATIONS

Printing Shops, Industrial Plants, Automobile Dealers, Construction Workers, Oilfield Workers, Refineries, Airports and Gas Stations.

For use on ink, tar, oil, grime, grease, paint, moly, carbon, putty and asphalt.

TOXICITY: Non-hazardous

WETTING ABILITY: Excellent

STORAGE ABILITY: 1 year +

COLD STABILITY: Do not freeze

PHOSPHATES: None

FLASH POINT: None

FLAME EXTENSION: N/A

SOLUBILITY IN WATER: Good, except pumice

SPECIFIC GRAVITY: 0.89

%VOLATILE BY VOLUME: 80%

pH: 7.5

VISCOSITY: Very thick

EVAPORATION RATE: Slow

BIODEGRADABILITY: Yes

LABEL INFORMATION

HAND SCRUB is a concentrated pumice waterless hand cleaner. Conditions hands while cleaning with a gentle scrubbing action. Removes grease, grime, oil, tar, ink, paint, moly, asphalt, carbon, putty, adhesives and other soils. For use by mechanics, oil field workers, machinists, factory workers, construction personnel, printers, gas station attendants, airport personnel and refinery workers. Leaves hands smooth and smelling fresh. Accepted for use in establishments operating under the Federal Meat and Poultry product inspection program of the USDA.

DIRECTIONS FOR USE

Use with or without water.

To use without water, squeeze a small amount into hand. Rub hands together briskly being sure to cover hands completely. Work hand cleaner into areas between fingers and under fingernails. Wipe off with towel or rag. A second application may be necessary for any hard to clean soils.

To use with water, wet hands before using and follow directions above. Rinse with water and wipe off with rag or towel.
