

## CHUCK SUCK

Chuck Suck is a premium fluid and odour controller. It contains specially formulated odour absorbers as well as a pleasant re-odouring perfume. It's unique particles soak many times more than their own weight in fluid, which means a little goes along way. It stays dry too, by soaking up fluid deep inside itself. Vomit, spills and accidents are easily taken care of and will leave behind only a pleasant, odour absorbing, fragrance.

### **DIRECTIONS FOR USE**

Sprinkle liberally on to offending area and allow time for the fluids to soak up. Apply more if required. Once soak up is complete simply sweep up and dispose.

### **SAFETY NOTES**

Chuck Suck can be irritating to the airways. Proper ventilation is recommended when handling this product. For further information consult the Safety Data Sheet.
