ARMOUR COLOGNE

Surface Rejuvenator

Septone Armour Cologne protects, revives and beautifies leather, vinyl, rubber, acrylics and plastics by restoring the natural shine, feel and colour of the original material. Armour Cologne contains a high level of silicone polymers which produce a long lasting high gloss finish and give excellent water repellency. In automotive and boating applications, use Armour Cologne to protect vinyl and leather upholstery, dashboards and surrounds, door panels, vinyl rooftops, rubber and plastic bumper bars, tyres and rubber mudflaps. Around the home or office, use Armour Cologne on vinyl and leather upholstery, handbags, luggage, golf bags and briefcases.

DIRECTIONS FOR USE:

1. Clean the surface with an upholstery cleaner or general purpose cleaner prior to application.
2. Fill a trigger spray atomiser bottle with Armour Cologne.
3. Spray a fine mist over the surface to be treated.
4. Alternatively, apply by moistening a lint-free cloth with the product and wipe over the surface to be cleaned.
5. Wipe over the surface using a clean lint-free cloth and allow to dry.

APPEARANCE:

Thin white liquid, floral fragrance.

For safety and materials handling information, refer to the Material Safety Data Sheet for this product.
